Unit Test: Unit 5 Data Management

Pre-test instructions:

1. Read the instructions carefully.

2. Read the questions carefully.

3. Briefly, read through the entire test before starting. This will get your brain thinking about the questions in advance and you will do better on the test.

4. You do not have to answer the questions in order. If you are stuck on a question, leave it and go onto the next question. Your brain will continue to work on the skipped question and you will find it easier when you return to it.

5. Write as neatly as you can. It is really easy to make mistakes when your writing is messy.

6. Erasing wastes a lot of time and makes your paper look really messy. Simply put one line through the mistake and start over.

7. If you have really messed up, you may answer any question on a piece of 3 ringed lined paper.
Unit Test: Unit 5 Data Management

**Question 1:**
Grade 7 students completed 100 mental math questions in the weekly MAD MINUTE math test. The number of answers that each student got wrong is recorded below:

2, 6, 8, 1, 0, 12, 18, 22, 14, 10, 4, 0, 20, 17, 25, 33, 24, 11, 6, 9, 13, 12, 5, 7, 16, 3, 0, 27, 28, 36, 22, 18, 10, 15, 6, 3, 20, 11, 9, 0, 5, 35, 0, 19, 34, 29, 2, 40, 26, 14, 4, 8, 23, 31, 42, 0, 30, 17, 26, 0

1 a) Complete the frequency table for these data.

<table>
<thead>
<tr>
<th>Number of wrong answers</th>
<th>Tally</th>
<th>Frequency</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 4</td>
<td></td>
<td></td>
</tr>
<tr>
<td>5 – 9</td>
<td></td>
<td></td>
</tr>
<tr>
<td>10 – 14</td>
<td></td>
<td></td>
</tr>
<tr>
<td>15 – 19</td>
<td></td>
<td></td>
</tr>
<tr>
<td>20 – 24</td>
<td></td>
<td></td>
</tr>
<tr>
<td>25 – 29</td>
<td></td>
<td></td>
</tr>
<tr>
<td>30 – 34</td>
<td></td>
<td></td>
</tr>
<tr>
<td>35 – 39</td>
<td></td>
<td></td>
</tr>
<tr>
<td>40 – 44</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

1 b) How many students wrote the test? How do you know? (Write your answer in complete sentences and show and explain your work)
1 c) Which type of graph would best display the data in the table? Explain your answer.
(Write your answer in complete sentences and show and explain your work)

Question 4:
A student received these marks on 7 math tests: 91%, 75%, 95%, 80%, 83%, 86%, and 68%.
What mark will the student need on the 8th test to make each following statement true?

4 a) The mean of the tests is 84%.

4 b) The mode of the tests is 86%.

4 c) The median of the tests is 84%
Question 5:
5 a) Explain why this survey question might produce a biased response.

5 a.1) Survey Question: NHL hockey is boring. Do you think playing hockey is more fun than watching hockey? YES: _____ NO: _____
